

# Assignment 1

## Plan to Design a website

1. Choose an imaginary or real organization / business that you wish to design a web site for.
2. Spend some time to research your organization. Try to learn as much about its business as possible.
3. Prepare a report about the process of planning the website.
4. In your report explain the steps for planning the design of the website and include all the information necessary such as target audience, goals and functions performed by target audience, etc. Try to be as specific as possible to your chosen organization and avoid general statements.
5. Your report should include a table explaining the functions performed by target audience, a tree diagram showing the structure of your website, and explain how you will organize the content and plan the navigation through the website.
6. You can use the report template file to help you format your report.
7. Finish your report using a text editor, and save the file with a format compatible with MS Word 2013 (.docx).
8. Email your assignment to [1809-003@acs.uwinnipeg.ca](mailto:1809-003@acs.uwinnipeg.ca) by 11:59pm January 24th, 2019. The subject line of your email must be like this: <your name><your student #>< course # with section #>Assignment 1.
