

# **APPLIED COMPUTER SCIENCE**

Course Number: ACS-3913-001

Course Name: Software Design and Architecture

Course Webpage: <a href="https://courses.acs.uwinnipeg.ca/3913-001/">https://courses.acs.uwinnipeg.ca/3913-001/</a>

#### Instructor Information

Instructor: Ron McFadyen

E-mail: ron.mcfadyen@gmail.com

Office Hours: Wed 10:00 – 11:00 am Office: 3D21 Class meeting time: Mon/Wed 1:00 - 2:15 pm Room: 3D04

Course web page <a href="https://courses.acs.uwinnipeg.ca/3913">https://courses.acs.uwinnipeg.ca/3913</a>

### **Important Dates**

First Class: Monday, January 6, 2020
 Midterm Test 1: Wednesday, February 5, 2020

3. Reading Week (no classes): February 16-22, 2020

4. Midterm Test 2: Wednesday, March 4, 2020
5. Final Withdrawal Date w/o academic penalty\*: Friday, March 13, 2020
6. Last Class: Wednesday, April 1, 2020
7. Final Exam (Comprehensive): Tuesday, April 21, 2020

8. University closures: Louis Riel Day Monday, February 17, 2020 Good Friday Friday, April 10, 2020

# **Course Objectives / Learning Outcomes**

The primary objective is to provide the student with additional OO software design techniques suitable for professional practice and for the Applied Computer Science Project Course. In particular the course covers several software design patterns using UML and Java. For each of the patterns the student learns when and how to apply the pattern, and understands its structural and behavioural aspects. The student's knowledge of Java and programming capabilities are advanced. The student's knowledge of UML class, object, statechart, and sequence diagrams is advanced. The student is prepared to further their study of design patterns in software design, human computer interaction, database, etc.

<sup>\*</sup>A minimum of 20% of the work on which the final grade is based will be evaluated and available to the student before the voluntary withdrawal date.

### **Evaluation Criteria**

### 1. Assignments: 25%

All assignments are to be completed individually.

There will be 5 assignments worth 5% each.

Due at 11:59:59 pm on due dates.

No late assignment will be accepted, or under special circumstances accepted with 20% off for each late day.

Assignment reports are only submitted by email as PDF files and code as appropriate.

The details of submission procedure will be stated in each assignment.

Multiple submissions are not permitted. Students may submit a partially completed assignment, and will receive credit for those attempted problems

Students are responsible to review their assignments before submission to make sure the correct files are attached to the email.

# **Assignment submissions:**

All work is to be submitted electronically. All coding is to be submitted in .java format, and any written work in PDF format. Further details and submission procedure will be stated in each assignment.

Students are responsible for backing up and protecting their lab and assignment work.

## 2. Midterm Tests (25%) (first -10%, second -15%)

During the regular class time (see Important Dates)

### 3. **Final Exam** (50%)

Cumulative

3 hours duration

Students should contact the instructor as soon as possible if extenuating circumstances require missing an assignment, test or examination. A medical certificate from a practicing physician may be required before any adjustments are considered.

### **Test / Exam Requirements**

- Photo ID is required for the final exam.
- The use of computers, calculators, phones, or other electronic devices is not permitted on exams.
- Midterm and final exams are closed book.

## **Final Letter Grade Assignment**

Historically, numerical percentages have been converted to letter grades using the following scale. However, instructors can deviate from these values based on pedagogical nuances of a particular class, and final grades are subject to approval by the Department Review Committee.

A+	90 – 100%	B+	75 – 79%	С	60 – 64%
Α	85 – 89 %	В	70 – 74%	D	50 – 59%
Α-	80 – 84%	C+	65 – 69%	F	below 50%

### Required Text Book / Reading List

Head First Design Patterns Freeman, Robson, Bates, Sierra; O'Reilly; 0-596-00712-4

# **Prerequisite Information**

A grade of at least C in ACS-2913/3 (or the previous ACS-2911/3 and ACS-2912/3) and ACS-2947/3.

#### **Services for Students**

Students with documented disabilities, temporary or chronic medical conditions, requiring academic accommodations for tests/exams (e.g., private space) or during lectures/laboratories (e.g., note-takers) are encouraged to contact Accessibility Services (AS) at 204-786-9771 or <a href="mailto:accessibilityservices@uwinnipeg.ca">accessibilityservices@uwinnipeg.ca</a> to discuss appropriate options. All information about a student's disability or medical condition remains confidential. <a href="https://www.uwinnipeg.ca/accessibility-services">https://www.uwinnipeg.ca/accessibility-services</a>.

Students may choose not to attend classes or write examinations on holy days of their religion, but they must notify their instructors at least two weeks in advance. Instructors will then provide opportunity for students to make up work examinations without penalty. A list of religious holidays can be found in the 2019-20 Undergraduate Academic Calendar online at <a href="http://uwinnipeg.ca/academics/calendar/docs/important-notes.pdf">http://uwinnipeg.ca/academics/calendar/docs/important-notes.pdf</a>.

All students, faculty and staff have the right to participate, learn, and work in an environment that is free of harassment and discrimination. The UW Respectful Working and Learning Environment Policy may be found online at <a href="https://www.uwinnipeg.ca/respect">https://www.uwinnipeg.ca/respect</a>.

# Misuse of Computer Facilities, Plagiarism, and Cheating

Academic dishonesty is a very serious offense and will be dealt in accordance with the University's policies.

Avoiding Academic Misconduct and Non-academic Misconduct. Students are encouraged to familiarize themselves with the Academic Regulations and Policies found in the University Academic Calendar at:

https://uwinnipeg.ca/academics/calendar/docs/regulationsandpolicies.pdf.

Particular attention should be given to subsections 8 (Student Discipline), 9 (Senate Appeals) and 10 (Grade Appeals). Please note, in particular, the subsection of Student Discipline pertaining to plagiarism and other forms of cheating.

Detailed information can be found at the following:

- Academic Misconduct Policy and Procedures: <a href="https://www.uwinnipeg.ca/institutional-analysis/docs/policies/academic-misconduct-policy.pdf">https://www.uwinnipeg.ca/institutional-analysis/docs/policies/academic-misconduct-procedures.pdf</a>
- Non-Academic Misconduct Policy and Procedures: <a href="https://www.uwinnipeg.ca/institutional-analysis/docs/student-non-academic-misconduct-policy.pdf">https://www.uwinnipeg.ca/institutional-analysis/docs/student-non-academic-misconduct-procedures.pdf</a>

Misuse of Filesharing Sites. Uploading essays and other assignments to essay vendor or trader sites (filesharing sites that are known providers of essays for use by others who submit them to instructors as their own work) involves "aiding and abetting" plagiarism. Students who do this can be charged with Academic Misconduct.

Avoiding Copyright Violation. Course materials are owned by the instructor who developed them. Examples of such materials are course outlines, assignment descriptions, lecture notes, test questions, and presentation slides. Students who upload these materials to filesharing sites, or in any other way share these materials with others outside the class without prior permission of the instructor/presenter, are in violation of copyright law and University policy. Students must also seek prior permission of the instructor / presenter before photographing or recording slides, presentations, lectures, and notes on the board.

# Class Cancellation, Correspondence with Students and Withdrawing from Course

When it is necessary to cancel a class due to exceptional circumstances, the course instructor will make every effort to inform students via uwinnipeg email (and/or using the preferred form of communication, as designated in this outline), as well as the Departmental Assistant and Chair/Dean so that class cancellation forms can be posted outside classrooms.

Students are reminded that they have a responsibility to regularly check their uwinnipeg e-mail addresses to ensure timely receipt of correspondence from the University and/or the course instructor.

Please let course instructor know if you plan on withdrawing from the course. Note that withdrawing before the VW date does not necessarily result in a fee refund.

# Topics to be covered (tentative)

We will cover design patterns as time permits.

In addition to these patterns, we cover aspects of Java and UML that are pertinent.

For code from Head First Design Patterns, see <a href="http://www.headfirstlabs.com/books/hfdp/">http://www.headfirstlabs.com/books/hfdp/</a>

### Patterns (order may vary):

Strategy

Singleton

Observer

Decorator

State

Facade

Composite

Adapter

Template

Command

Compound patterns

Others as time permits
